**From February 12 till 15, 2023**  
**Book your Winter sports NOW !**

## The great Winter meeting!

After a torrid summer, it is already time to prepare the winter events and to block your dates in the calendar of your desires. A major event of the white season, the Snow and Ice Rallye is a must for the beauty of the landscapes it offers, as well as for the technical difficulty it imposes.

So get your diaries ready for this 68th edition of the most fearsome winter rally, because there won't be room for everyone! See you in Sochaux from February 12 onwards at the historic site of the Peugeot Adventure Museum for the technical and administrative scrutineering, which will be the prelude to a wild first night stage to Malbuisson, the rally's hub for the next three days.

### The 'little Siberia

France's 'little Siberia' offers all the necessary assets to hold this extraordinary event with three 100% sporting loops traced on forest tracks on the edge of the Swiss border, between the Doubs and the Jura. Snow, ice and sliding are on the programme of a triptych which succeeds in achieving the perfect alchemy between sporting regularity, the pleasure of driving and a conviviality found around the same site and a hotel, irreproachable in terms of its comfort and the quality of its table.

Created in 1953, the **Snow and Ice Rally** has quickly become a must in the rally calendar. A revenge event for the factory teams, just after the Monte Carlo, it boasts a record of achievements worthy of the greatest events of the time. The Snow and Ice Rally has been a regularity event for the last fifteen years and is now considered to be much more sporting than its Monegasque counterpart. Each year, the kings of the snow, from France, Belgium, Switzerland and Italy, but also from the four corners of Europe, compete on the technical route proposed by Patrick Zaniroli's professional team.

The text on the poster includes: "68<sup>e</sup> EDITION du 11 au 15 février 2023", "RALLYE NEIGE ET GLACE", "LA PLUS SPORTIVE DES HIVERNALES", "Réservez vos Sports d'Hiver !", "Book your winter sports!", "INSCRIPTIONS / REGISTRATION REGULARITÉ OU RANDONNÉE", "WWW.ZANIROLI.COM", and "+33 (0)4 92 82 20 00". Logos for Malbuisson and Peugeot are also visible.

## The French revolution

Dominated by Belgian crews since its creation, the event has seen a reversal in the hierarchy. For the past two years, the French have launched their revolution, overtaking the crews from the North. So there will be revenge in the air again next February! But beware, a victory in the Neige et Glace can't be won, it must be earned..

For even more pleasure, Patrick Zaniroli and his team have increased the number of ZRs and reduced the number of kilometres covered on the links to a maximum. Ten ZR and 300 km daily crossing the most beautiful wild and immaculate landscapes of the Doubs and the Jura, before reaching the bucolic setting of the Hôtel du Lac where the assistances are grouped together for the entire duration of the rally: this **68th Neige et Glace** promises to delight more than one!

## Long live hiking!

There is more to life than sport! Zaniroli Classic Events also offers you the opportunity to participate in a hike, without the pressure of a time trial, with a programme adapted to your pleasure. At your own pace, you can take advantage of **the Snow and Ice Rally** infrastructures and its professional supervision to learn to master the icy and snowy roads. Choosing this option means you can enjoy a nice ride with your "oldtimer" while learning to master the art of sliding and, who knows, prepare for a future competition.

## Win €400 on registration!

In these times of crisis, the drop in purchasing power affects all pockets. That's why Zaniroli Classic Events is offering you multiple discounts. If you sign up before 15 November 2022, you can save no less than 200€. This saving can be doubled if you register a team of at least 3 vehicles, which reduces the amount due per car by a further €200. A word of advice: sign up quickly and pool your efforts!

## Two formulas

As every year, two registration formulas are proposed. One includes accommodation at the Hotel-Restaurant Le Lac, the nerve centre of the Snow and Ice Rally. The second formula includes only your entry fee and leaves you free to choose your accommodation and half-board. For the first option, please book early, as only 50 places are available for this **'All In' at the Hotel Le Lac in Malbuisson**.

If you wish, you can arrive without stress the day before, on Saturday 11 February. If you have taken the formula with hotel that we offer, we can book your room for that night. There is a dedicated trailer park within the closed park.

In short, as we know how to do, everything will be planned to welcome you in the best way possible and we hope to see many of you for this 68th edition of the Snow and Ice Rally!

**See you at the Peugeot Adventure Museum in Sochaux from February 12, 2023 for the technical and administrative checks, prelude to the first wild night stage to Malbuisson, base camp and rally centre for the following days.**
